### **ABOUT ATHLETES UNITED FOR PEACE**

Athletes United for Peace was formed by Olympic Athletes after the USA boycott of

the Moscow Olympics. Its goal: build friendship, respect, trust, and peace through athletic activities. Heartland Athletes United for Peace brings people together to experience the joy of athletic activity in a supportive atmosphere emphasizing friendship, fun, and yes, an element of competition. Our fun runs are highly competitive at the front of the pack, relaxed and joyous at the back!
